GERMANS RUSHING UP FRESH MEN

Kaiser Bolsters Army's Spirits By
Speeches—French Keep En-
emy Off Top of Kemmel

Having been defeated with
enormous losses in every phase of
fighting around Ypres, the Ger-
mans have attempted no further
onslaughts. Inaction prevailed
Wednesday before the positions
held by the British and French
troops, especially those in the
hands of the British which it had
been the ambition of the Germans
to capture and separate the Brit-
ish and French armies and open
the way for a rush for the chan-
nel ports.

Since Monday what activity
there has been in this region was
carried out by the British and
French, both of whom have ma-
terially bettered their positions—
the French near Loker and the
British near Meteren. On both
sides ground was captured and
prisoners were taken.

Huns Rush to Attack Again.

The pause in the offensive, however,
apparently is not to be taken as mean-
ing the end of the German attempt to
crack the Allied line. All along the
front the big guns are roaring and
shells of all calibres are plowing the
terrain and the areas far behind them
and fresh German reserves to take
the places of the thousands of men
killed, wounded or made prisoner, are
being hurried to the front.

Indeed, advices from the British
front in Flanders are that another
serious drive by Von Armin is in im-
mediate prospect. Emperor William
has been at the front delivering flam-
boyant speeches to the troops in an
effort to spur them on to victory.
Meanwhile French and British artil-
lery are sending a veritable rain of
shells upon Mount Kemmel, the chief
point of vantage gained by the Ger-
mans in the Ypres sector. Thus far the
Allied guns have held back all at-
tempts by the enemy to reinforce his
men on the hill, and the hill-top is
likely soon to prove a death trap for
its captors.

Nothing has yet been touchsafed re-
garding the inter-allied war council
holding sessions at Versailles which is
expected to bring forth momentous
decisions.

Representatives of all the Allies are
in attendance.

Allied Line Immovable.

Great faith in the ability of Gen-
eral Foch and the allied commanders
on the western front again has been
expressed by M. Clemenceau the
French premier. Returning from a
visit to the front the premier said he
considered the line stable and that as
a result of the steps taken by the various
commanders it was outside the
realm of immediate danger.

The fighting on all the other fronts,
except in Palestine and Mesopotamia,
continues of a minor character. In
both the latter theatres, however, the
British have returned to the attack
and gained important successes over
the Turks. Progress has been made
north of Bagdad and in Palestine several
positions have been captured and
Drohns taken.

German newspapers have taken an
other tangent in their talk of peace.
A Cologne journal asserts that Pope
Benedict on White Sunday, May 19,
will put forward peace offers to mediate
between the warring factions. The
reported intention of the pope is said
to have had a sympathetic reception
in Berlin. There is no confirmation
from any source that the pontiff pro-
poses again to offer his services in the
direction of peace.

PAYMASTER OF GERMAN AGENTS IS ARRESTED

One of His Plans Said to Have
Been to Try to Get Irishmen to
Blow Up English Warships

New York, May 1.—Carl Rodiger,
known also as Carl Schroeder, said to
be a lieutenant commander in the
German navy and believed by agents
of the department of justice to be
paymaster of German agents in this
country, Central and South America,
was arrested here today and held on
\$15,000 bail. One of his chief pur-
poses is believed to have been to in-
duce Irishmen to enlist in the British
navy in the hope that they would
plant bombs on warships. Rodiger
denied that he was a German. His
examination was set for May 8.

The arrest of Rodiger followed the
apprehension last Saturday of Madam
Marie DeVitorica, who is said to
have been one of his most active
lieutenants. The woman, who is in
the prison ward at Bellevue hospital,
admitted according to federal auth-
orities that she had received about \$40,-
000 from Rodiger since her arrival in
this country in 1917, but denied, ther-
eased, they said, that the money
represented interest on large estates
owned by her in Chile.

Rodiger who had been under sur-
veillance of agents of the government
for some time was known on the re-
cords as Lieut. Commander "X".
Margaret Sullivan employed by
Madam DeVitorica as a maid or sec-
retary was held as a prisoner today after
she had been questioned by members of the United States attor-
ney's office. She had been detained as a
material witness.

RUSSIAN OFFICERS TRY TO JOIN ALLIED RANKS

Disgusted With Bolsheviks, They
Throng British and American
Consulates in Serbia

Harbin, Manchuria, May 1.—(Cor-
respondence of the Associated Press.)—
Officers of all ranks formerly in
the Russian army have thronged the
British and American consulates here
seeking to enlist as private soldiers in
the armies of those countries, since
the Bolshevik revolutionaries extended
their rule to Siberia. When they
are told that the regulations do not
permit the consuls to accept their of-
fers, their disappointment is painful.

The hatred they express for the
Bolsheviks indicates that they would
do anything to counteract Bolshevik
influence. All of those with whom
the Associated Press correspondent
has talked have been intensely pro-
Entente. What is to become of them
is one of the problems Russia will
have to face in the future.

Large numbers of them, in a pitiful
state, are flocking into Harbin
from all parts of Siberia. Many are
without funds and the majority are
poorly clad. They range in rank
from lieutenants to generals and
come from the finest Russian stock.

Most of them have come from the
large military centers in Siberia, from
which they have escaped only after
undergoing great hardship and much
suffering. Many of those interviewed
have related the most harrowing stor-
ies of murders and atrocities.

PAPER MAKERS WALK-OUT.

Watertown, May 1.—About 200 em-
ployees of plants in this city of the
International Paper company, the Da-
Grasse Paper company and the St
Regis Paper company walked out to-
day to enforce demands for higher
wages. Representatives of the com-
pany declared they disregarded an
agreement reached at Washington
yesterday between the executives of
the six paper makers labor organiza-
tions and the federal trade com-
mission that they should remain at
work under the old scale of wages
until July 1.

G. E. WORKERS STRIKE.

Schenectady, May 1.—From 1,500
to 2,000 employees of the local plant
of the General Electric company are
idle as a result of a strike yesterday
following the company's refusal to in-
crease the crane men's wages. Orga-
nization of the strike was com-
pleted tonight and another meeting
will be held tomorrow. Owing to
government work here federal inter-
vention is considered probable.

DESCENDANT OF SEWARD DEAD.

Auburn, May 1.—Lloyd S. Allen,
who was killed today in an airplane
accident at the Wilber Wright avia-
tion field at Dayton, Ohio, was a
great grandson of William H. Seward,
a son of Fred I. Allen of New
York, former commissioner of
patents.

BAKER TO ASK AUTHORITY TO ENLARGE ARMY

Will Appear Before Con-
gress Today to Pre-
sent His Plans

MAY REQUEST 1,600,000

This Would Bring Strength of
Overseas Forces Up to Approx-
imately 3,200,000

GREATER SPEED IN TRANSPORT

Heads of Shipping Board and
War Industries Board Meet
With Army War Council

Washington, D. C., May 1.—Secre-
tary Baker will carry to congress to-
morrow the army increase program
mapped out by President Wilson and
his advisors and based on the deter-
mination to win the war if it takes
the whole man power of the nation
to do it. There are indications that
he will ask that all restrictions on
the number of troops to be raised be
removed as the government author-
ized to mobilize as many men as it
can raise, equip and send to the bat-
tleground.

When the war secretary appears be-
fore the house military committee
with supplemental estimates for the
army he is expected to disclose that
the department has reason to believe
it can handle during the present year
at least double the existing forces
of men under arms of at least approx-
imately 1,600,000 men. That will
mean about 3,200,000 soldiers for
whom clothing, equipment and trans-
portation are now in sight.

Greater Effort to Send Men Over.

Evidence came today in various
ways of the tremendous effort that
now is being made to send American
armies into the fight in such numbers
and such time as to make victory
certain. In the morning the heads of
the shipping board and the war in-
dustries board met with the war
council composed of army officials.
Details of additional ships and sup-
plies were gone into it is understood
on the basis of the recent surveys of
the situation.

Later the President's war cabinet
met with him at the White House and
went over the ground thoroughly. Sec-
retary Baker remained more than an
hour with the President after the
other members of the war cabinet
had left.

In the house Chairman Dent of the
military committee introduced a
bill that would authorize the mobiliza-
tion and authorization of 4,000,000
selective service men instead of the
1,000,000 to which the government is
limited by the existing act. Mr. Dent
said the measure was his own and he
had not consulted the war depart-
ment.

1,800,000 Available in Class One.

Under the new classification scheme
there are understood to be 1,800,000
men immediately available for active
military service in class one. That
estimate is based on the returns of
numerous states and the law of averages.
It includes all men rated fit
only for limited special service, all
delinquents slated for immediate in-
duction into class one, but when ap-
prehended, and all of the so-called
remediable cases, the men who will
be fit for active service after opera-
tions or medical treatment to correct
minor physical defects. Behind that
stand the men who have reached
21 years since the draft act was passed
and who will be brought in under
pending amendments. Probably the total
of effectives in class one will
prove to be 2,500,000 men when the
final figures are available.

This is the first reservoir from
which men will be drawn to fill up the
new army. It is conceivable that
class one will be exhausted in time,
but not that it would fail to furnish
all the men who can be shipped to
France before congress meets again.

For this reason it is regarded as
probable that the question of increas-
ing age limits of the draft act or of
drawing upon class 2 can be deferred
until congress again convenes.

War Department Speeds Transport

While plans for the future have
been shaping up for presentation to
congress, the war department has been
pressing vigorously its efforts to ex-
pedite the movement to France of men
already under arms. Secretary of War

Baker appeared today before the con-
ference of shipping board officials
and ship owners and seamen's unions
to urge prompt manning of new ships
in New York, quota \$900,000,000, sub-
scribed

Bohemian Troops Joining Italians Against Austria

London, England, May 1.—The
Bohemian troops are joining the
Italians against Austria according to
the London Mail correspondent
at Italian headquarters. Even
now some of the Bohemians are
on the Italian line, clad in Italian
uniforms.

This information has passed through
the hands of both Italian and British
censors, and would therefore appear to be authentic.
The defection of the Bohemians would in a measure explain the delay in the proposed great offensive long heralded by the Austrians against the Italians.

Prague, capital of the crown
land of Bohemia, has recently
been the center of riotous demon-
strations against Germany and the
Germans. The Austro-Hungarian
foreign minister, Count Czernin,
has been strongly denounced, and
President Wilson and the Entente
Allies have been cheered. The
Czechs members of parliament together
with the Slovens and Serbo-Croat
delegates, had been leaders in
the opposition to the German rule.

London, England, May 1.—The

taken.

The New York Markets.

New York, May 1.—Stocks were again active and strong at the opening of today's market on the further check to the German forces and the favorable quarterly report of the United States steel corporation issued after the close of yesterday's session. United States steel led the movement throughout, making an extreme advance of 2 5/8 points, its contribution to the day's business amounting to about 30 percent of the whole. Associated stocks were 1 to 2 1/2 points higher, as were also the better known equipments, American and Baldwin locomotives responding with American car to large government contracts.

During the intermediate period the list moved slightly, but rose to higher levels all around later on a spirited inquiry for rails. Reading, trans-continentals, New York Central and St. Paul, preferred advanced 1 to 3 points with short covering a factor.

Shares made another new minimum with checks at 9.02, but rallied later. Call money stiffened from its low rate of 5 1/2, closing at 6 percent.

Bonds, including Liberty issues which changed hands in large amounts were firm. United States bonds (old issues) were unchanged on call.

Injured Flier Exacted Heavy Toll Before Falling.

Jim McConnell of the Lafayette Escadrille had been in the American Ambulance, but Jim wanted to fight and so accepted for the flying corps. In one of his early flights at the front his machine was damaged by German bullets, and in landing after dark he bumped badly, and his back was injured. For weeks Jim was laid up in the hospital, and his back never did get right. Some days he would be able to stand straight, but the next day would be all bent over like a man with a bad attack of lumbago.

CAST BREAD ON WATER? YOU HADN'T OUGHTER.

In other days, between us two, it may have been the thing to do to cast bread on the waters. But now the rule is obsolete for we've a need for all our wheat to feed our sons and daughters. We can't afford to waste a bit by going out and casting it on river, lake or ocean. We're told that we must. Hooray and make ourselves economize with patriotic devotion. The biggest armies we can raise will struggle in a hopeless maze if we neglect their feeding; we can't expect that they can fight unless we run the food game right and give them all they're needing. And in this thing we're not alone, for we must feed, besides our own, the folks of other nations. We've got to fix it so our crop will bring this cruel war to stop—so make your preparations. We've got to have enough to spare so we can send an ample share to Europe's starving millions. We've got to crush the ruthless Hun by feeding those behind the guns, both soldiers and civilians. This task will never put across unless we eat the daily loaf that comes from over using. We must cut down the use of wheat and go a trifle slow on meat, from our own choice and choosing. To do all this and do it right let's get a lot of things in sight to help us make the saving. Let's work and grow the garden stuff to give us solid food enough to satisfy our craving. Get out and use your hoe and plow; dig up your lot and do it now; use all your brawn and muscle. Get out and make an early start, for that's the way to do your part. So just get out and hustle. Write the National War Garden Commission, Washington, D. C., for its complete manual on home gardening. It's free for 2-cent stamp for postage.

THE MONEY'S OF THE STATE

That the State's daily expenditures have averaged \$184,373 during the past three-quarters of the current fiscal year is shown by a statement just issued by Comptroller Travis. The largest amount, the Comptroller explains, was that reserved from the general revenues for the redemption of the State's bonded obligations and the payment of the interest on them, amounting to an average of \$16,060 daily.

The care of the State's dependents—that is, the charitable institutions and insane hospitals—cost \$11,700, while there was spent for educational purposes \$22,300, which includes the support of common schools, colleges, normal schools, nautical schools and departments.

The group of organizations charged with the functions of regulation averaged \$10,500 each day. The military, naval militia, arsenals, armories and war measures of a defensive character amounted to \$14,000. The promotion of agriculture, including agricultural education, has averaged \$6,950.

The care of offenders against the laws of the state, including the prisons and departments in charge of the penal institutions spent \$6,378 daily. It cost \$233 to administer justice through the courts. The legislature's average daily expenditures were \$4,200 while the administrative division of the state expended \$4,470. For the conservation of the state's natural resources, the protection of public property and buildings, parks, reservations and patriotic edifices there was spent \$6,285.

The maintenance of highways, river roads, bridges and the departments having supervision over them required \$4,860 every day, while an average of \$5,230 daily was necessary for the maintenance of the state's waterways and canals which have become of such national importance that the federal government has taken entire charge of the canal system in order to relieve the railroads and make more efficient use of all of the nation's resources in order to successfully promote the war aims of this country.

EFFECTS OF NO-LICENSE

Binghamton Hotel Man Declares Business Will Be Normal Within Six Months and in Some Lines Will Improve Before That Time.

Six months after the city goes dry on October 1, business will once more be normal. This is the opinion of C. A. Hammond, manager of the Hotel Carlton, Binghamton, as told to a Star reporter yesterday. He said that it applied to Binghamton just as well as to Oneonta. The hotel man indicated that conditions in some lines are bound to improve even before that time.

Stating that he had discussed the matter with a number of men from dry towns and based his statement on a general observation, Mr. Hammond remarked that such has been the general result of no-license. As to the manner in which business will pick up, he outlined the way he has seen it work in the following order:

First.—The purveyors of soft drinks, cigar stores, the confectioners, the restaurants, and similar places, will notice an increase in business almost immediately. This will happen because a man who has been spending money regularly on himself for booze will continue to take care of himself first.

Second.—On this same principle, men's clothing stores, haberdashers and the like, will next commence to pick up business.

Third.—As the man begins to have surplus money, increased sales will be noticed by stores dealing in ladies' wear, children's garments, home furnishings, grocers, butchers, etc.

Mr. Hammond, who is here visiting Bert E. Swart, proprietor of the Windsor hotel, has been a close observer of the effects of no-license, for his hotel is run strictly on a no-liquor policy. When it was opened a few years ago, hotel men generally predicted that the plan could not be worked, but from a start of about 50 rooms the Hotel Carlton has grown to several hundred and is patronized by the best class of people.

"Of course the plan works," said Mr. Hammond enthusiastically. "We very seldom have any kickers who want liquor, and those that do kick well they are not regular drinkers anyway."

Mr. Swart and Mr. Hammond left yesterday for a fishing trip in Delaware county.

A Good Proposition for the Kids.

At a Liberty Loan meeting held in Richmondville last week, M. W. Harroway offered to pay the first \$10 for any boy or girl in that town attending school, who would subscribe for a \$50 bond and agree to see that the balance of \$40 was paid. Mr. Harroway's proposition was quickly taken up by 20 youngsters in the audience. Others followed until when the time set by Mr. Harroway had expired, the amount subscribed by these boys and girls amounted to about \$2,500.

COMMENTS OF THE PRESS

After German "Boxers." Chinese laborers, apparently without military training, but under the direction of American engineers, gave a good account of themselves at Mont-didier when rifles were thrust in their hands by wounded English soldiers. "Chinese" Gordon put Chinese troops to the test and found them steadfast as white soldiers when properly led. China is one of our allies and may become an important military factor if the war lasts five years longer. The Chinese have not forgotten the brutality of the Germans during the Boxer Rebellion. The memory of it is now selling Liberty bonds to Chinese in New York city. Perhaps Chinese troops will go to Berlin as the Prussians went to Pekin.—[New York Commercial.]

WHOM HOLLAND FEARS.

Holland as a neutral is heavily oppressed by the high cost of keeping under arms a large army for the national defense in case of emergency. The Minister of Finance promises that partial demobilization will be considered as soon as the great offensive on the western front is over. Does any one doubt from which quarter the Government of Holland fears danger, or that it is Belgium's experience at the hands of the Prussian that has rendered it apprehensive?

DRAWING THE LINE.

"Anyhow," said Farmer Corntassel, "if we do take boarders this summer, we won't have any more of them slackers around."

"What do you mean by 'slackers'?"

"Girls that swing in hammocks an' read novels when they ought to be knittin' for soldiers."—[Washington Star.]

WHEN WILL YOU GO?

Your country and her cause calls you to come across or go across—[Buffalo Courier.]

ANSWERABLE.

"What have I not done?" cries the Kaiser, "to preserve the world from these horrors!" The price of white paper forbids an answer.—[Cleveland Plain Dealer.]

WASTE OF SPACE.

With half a column of casualty returns from France to fill up with, were blessed if we can see why the New York World should run a list of Nat Goodwin's former wives.—[Binghamton Press.]

THE WISER COURSE.

If Holland has real cause for fear that Germany proposes to make war upon her it would be the wise and cautious course for the Dutch to get all the Allied soldiers they can into Holland now and declare war herself.—[Syracuse Post-Standard.]

GO AHEAD AND MAKE 'EM.

It may not be the best airplane motor in the world; but it's manifestly a mighty good motor. The necessary thing now is to stop trying to attain super-perfection and proceed to make it, by thousands or tens of thousands,—[Elmira Star-Gazette.]

NOT A SERIOUS THOUGHT.

Mr. Hearst cannot be thinking seriously of entering the race for the governorship of this state. If he were, his papers would offer a better defense for his pro-Germanism, than the plea that he is being attacked by plutocrats for his labors in behalf of the welfare of the common people. That kind of talk wouldn't fool a child.—[Rochester Democrat.]

EGGS NOT FULLY COUNTED.

Count von Roden, secretary of the German interior treasurer, says that "We do not yet know the amount of the indemnity we shall win."

The Count will be greatly surprised some day to realize that there will be no indemnity.—[Utica Observer.]

THE INSIDIOUS MISCHIEF-MAKER.

Some day we in the United States will learn to regard as a more formidable enemy of our institutions the man who threatens the destruction of society than the criminal whose act is confined to the injury of a single individual.—[San Francisco Chronicle.]

MERE SCRAP OF PAPER.

The same thing that has happened in Germany in many a day was that incidental remark of Herr Erzberger to the Reichstag that in the face of Admiral von Capelle's recent admission, all of the admiralty's earlier assurance of U-boat success should be thrown into the waste basket.—[New York Herald.]

***** BONDS PREVENT TAXATION. *****

The tax on incomes of \$1,000 in England today is 4½%, on incomes of \$1,000 it is 6½% and on incomes of \$2,000 it is 7½%. Here incomes of \$1,000 are exempted even for single men.

This comparison of taxes upon incomes of more than \$3,000 for married men is extremely interesting:

England, America, Income of \$3,000, 14½% to 16½%.

Income of \$5,000, 16½% to 17½%.

Income of \$10,000, 20½% to 21½%.

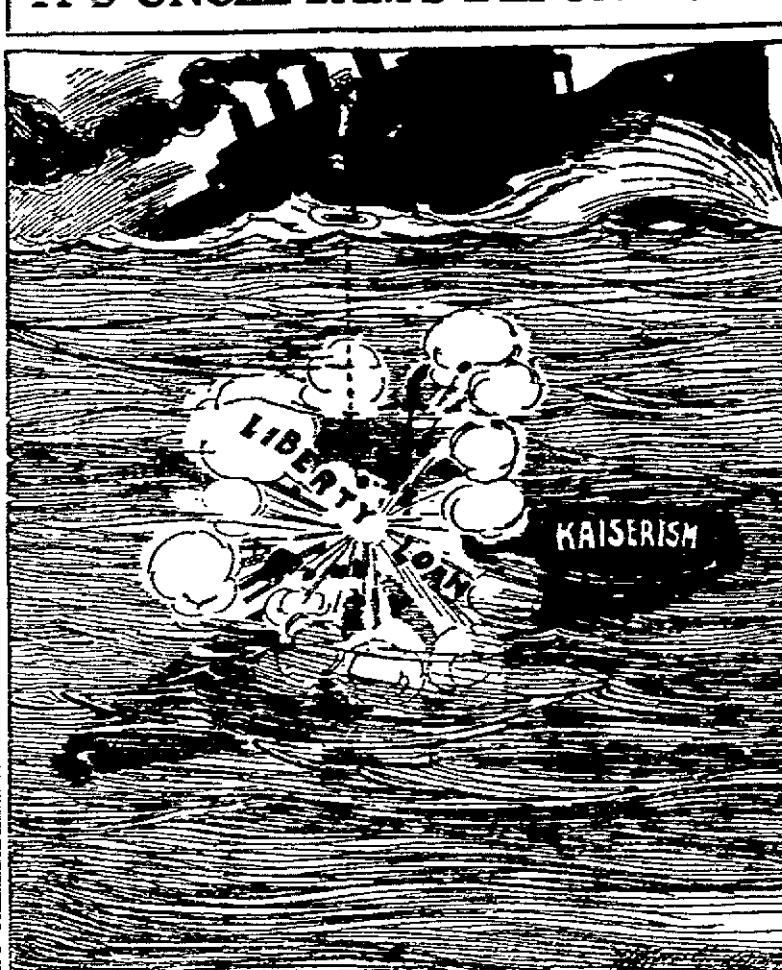

Income of \$15,000, 25½% to 27½%.

Americans want no such taxation here. Yet it threatens proportionately to the manner in which we fail to meet the government's loan demands. And this is but one of the phases of taxation possibilities. There are many other avenues open to Uncle Sam as a last resort.

It will be far better to buy Liberty Bonds at a fair interest rate than to stand to lose from 5 to 20% of our incomes later in direct taxation.

LOCAL MENTION.

The West End Baptist choir will
meet at the church at 8:30 p. m. for
a rehearsal.

Sixty-two women working at the
Red Cross Surgical Dressings room
yesterday turned out 2,102 small com-
presses and 72 large ones.

Clarence W. Palmer of 19 Makley
avenue and Minnie M. Tamsett of 8
Makley avenue were issued a mar-
riage license at the city clerk's office
yesterday.

All members of the church and
congregation are invited to attend the
reception to be given Rev. and Mrs.
B. M. Johns and Rev. J. A. Hensey at
the Methodist Episcopal church this
evening, following the prayer meet-
ing service.

There is talk of arranging a ball
game for Memorial day between former
members of the Normal team of
years ago and the High school or
some other team, the proceeds to be
donated to the Red Cross. The idea
is an excellent one and would no
doubt afford entertainment to many
and result in a good sum for the
worthy organization.

Parties are negotiating for the
Happy Hour theatre on Broad street,
which has been closed for several
days. Mr. Ackley had arrangements
made for a transfer of the theatre
and for his removal from the city
when the deal was called off. He had
no alternative but to close the the-
atre. It is possible that another deal
will be completed today.

LAURENS KEEPS THE PACE

Responds with a Total of \$7,750 of
Liberty Bonds Sold, Winning an
Honor Flag and Keeping the Record
of the County Clear.

Owing to the illness of the Liberty
Loan chairman for Laurens, the village
had not reached its quota of
Liberty Loan bonds sold up to last
evening, the allotment being \$7,500
and with only \$2,450 sold. Progressive
citizens, headed by Dr. Winsor
and Mrs. C. W. VanBuren, with the
latter acting as chairman, arranged
a rally for last evening, at which Mrs.
Kellogg, Secretary Westervelt and At-
torney Bockes were the speakers.
Franklin C. Keyes esq. presided and
good music was provided, with a five-
piece orchestra rendering instru-
mental selections and a chorus sing-
ing patriotic airs. The meeting was
held in Liberty hall and the attendance
was considered good.

Mrs. Kellogg was the first speaker
and spoke more especially of the work
that women are doing and the part
they must take if the war is to be
won, and urged all to respond. Sec-
retary Westervelt made one of his
characteristic speeches full of pep, in
which he emphasized the importance
to the government and to the nation
of winning the war, and said that
every bond is a powerful gun for the
Allies. He alluded to the fact that
the soldier who sleeps at his post is
shot and declared that anyone at
home who lays down on the job and
fails to do his or her part, deserves
the same punishment.

Attorney Bockes made a stirring
speech in which he appealed to all to
respond with liberal subscriptions. He
said it was an opportunity to se-
cure a first class investment and an
interest paying saving and at the
same time back up the brave boys at
the front. His eloquent words were
effective and aroused the audience to
a patriotic fervor.

Dr. Winsor, who arrived late, owing
to professional engagements, came at
the right time and a few words of encouragement and appeal to civic pride from him started the
ball and before it stopped \$5,300 had
been subscribed, carrying the village
over the top with a safe margin. There
are others who are expected to take
bonds, which will make the margin
creditable.

MRS. WALKER GIVES ADDRESS.

"Problems of Mothers in Long Division" Presented at Mothers' Meeting.

"The Problems of Mothers in Long Division" was the title of an interesting lecture given by Mrs. Luisa Walker at the meeting of the Mothers' club in the Methodist Episcopal church yesterday afternoon. There was a good attendance of mothers of the city.

Mrs. Walker, who spoke from her
own experiences in bringing up two sons
to serve their country, began with the problems from the time of birth.

Before the child enters school his interest is all in the home, but when he enters the institution of learning his interest becomes divided, part of it going to his playmates and instructors. This is the first division. The second division comes when the child commences to make friends for the future; their third when the child comes to maturity and chooses a life partner and home; the fourth, when he answers his country's call, and goes into the service. Mrs. Walker's practical remarks were keenly listened to by many mothers who also had boys with Uncle Sam.

Other speakers and their subjects
were: Mrs. Burton Todd, "How Good
Home Discipline Makes For Good
Citizenship"; Mrs. B. M. Johns, "How
Good Qualities, Such as Justice, Hon-
esty and Patriotism, Can be Instilled
in the Boy and Girl Through Home
Life"; Mrs. W. L. Bolton, "How Can a
Mother Co-operate With the Local
and Government Departments for
Home Betterment?"

After these excellent talks were
given, a musical program was ren-
dered. Mrs. Leland Becker and Miss
Frances Pasbey gave piano solos and
Miss Annie Waters and Mrs. Harry
Bard gave a vocal duet with Mrs.
Wendall Morgan at the piano.

Later, delectable refreshments were
served and an afternoon of real profit
and enjoyment came to a successful
close.

A Returned Missionary.

The monthly meeting of the Wo-
man's Foreign Missionary society of
the Methodist Episcopal church will
be held in the church parlors tomorrow
afternoon, May 3, from 2:30 until 5 o'clock, at which time Miss
Lillian Holmes, a returned missionary
from China, will be present. The
Young Women's society, the Elizabeth
Reynolds Standard Bearers and the
King's Heralds are expected to be
present. Miss Holmes was the
Children's Missionary, and comes as an
especially guest of the King's Heralds.
She has a message well worth hearing.

Normal Boarding List.

The Normal boarding and rooming
list is to be revised. Those wishing to
have their names appear on this list
will send the name and address by
postal service to A. M. Curtis, 84
Maple street, before Saturday, May 4.

MILK SITUATION CLARIFIED

Dealers Accept May and June Prices
and Future Outlook Is Good.

The serious trouble which a short
time ago was feared between the
milk dealers and the Dairymen's
league has been happily averted. Not
only is the present difficulty settled
but it looks as if it would stay settled
for some time. The price for May
milk is \$2.46 to the producer, and
the reduction of a cent a quart to the
consumer has been accepted by all
the large dealers and many of the
smaller ones. This agreement was
reached on condition that the Fed-
eral Milk commission would at once
meet and fix the June price. This
price will probably be \$1.50 for milk
within the 150-mile limit.

Cas feature of the present agree-
ment is an agreement whereby a six-
months' option to buy all its plants
is made with the Borden Farm Pro-
ducts company. As this is one of the
largest distributing companies in New
York, the deal if consummated may
possibly result in the Dairymen's
league getting control of all the dis-
tributing business.

While the June price of \$1.50 is
low, says a representative of the
league, if this is taken into consider-
ation with the very fair May price,
and also that the milk situation is
bad, the dairymen appear to have
climbed out of a very bad situation.
Hundreds of plants would have closed
if some agreement had not been
reached.

THE BOYS OF 'NINETY-EIGHT.

Company G Left for Spanish Ameri-
can War Twenty Years Ago.

It was just twenty years ago yes-
terday morning that the gallant lads
of Company G of Oneonta departed
from this city for Camp Black on
Long Island, whence later as their
share in the Spanish-American war
they were to be transferred to San
Francisco and later to Honolulu,
where they remained until the war's
end. As a large number of our read-
ers will recall, the fire alarm sounded
at 2:15 that morning, and thereat
practically everybody in town was
awake and on their way to the ar-
mory, Main street, or the D. & H. station
to witness the departure of Oneonta's
contingent for the war.

There were 66 men in the com-
mand, and the march from the ar-
mory to the station, was a continuous
ovation. In line were the bands the
Star Fifes and Drums corps, the E. D.
Farmer post of the Grand Army, not
with ranks so sadly depleted as now,
and many citizens, while the streets
along the line were thronged with
cheering thousands. The start was
made at 4 o'clock and the company,
which was joined at Albany by troops
from all the northern portion of the
state, reached Camp Black at Hem-
stead late in the afternoon.

The officers accompanying the com-
pany from Oneonta were Major Wal-
ter Scott, Captain U. A. Ferguson,
Lieuts. H. A. Turker and F. W. Board-
man. First Sergeant F. M. H. Jackson
and Q. M. Sergeant Charles Hol-
comb, along with a full quota of ser-
geants, corporals, musicians and priv-
ates. A glance over the roster of the
company brings to mind many
who still are prominent in the life of
the city and country. A few of the
men have since answered to the last
call of "taps" but most of them still
are living and in health follow the
soldiers who in greater numbers are
leaving these days for camp and for
France with a wistful remembrance
of the times when they too stood to be
counted as the call came for men to
defend the honor of the United States.

THE BADGE OF HONOR

OBITUARY

Rev. Henry H. Wilbur.

Deep regret and profound sympathy for the sorrowing relatives was expressed by all who knew them, when intelligence was received in Mt. Vision and about the county of the death of Rev. Henry H. Wilbur, occurring recently at the Methodist Episcopal parsonage at Dallas, Pa., where he had for several years been pastor. Mr. Wilbur had been critically ill of strontium poisoning, but was thought to be out of danger when a sudden attack of heart weakness developed, causing his death.

The deceased was born at Mt. Vision, in 1852, the youngest child of Daniel and Maria Swope Wilbur. After graduating from the Albany Normal college he taught for a number years and in 1887 he entered the ministry of the Methodist church, his first pastorate being at Westville. He joined the Wyoming conference in 1891. In 1897 he was assigned to a church in Pennsylvania and remained there until his death with the exception of three years when he served the church at Johnson City.

Mr. Wilbur married Susan Fowler of Troy, who survives him. He leaves also two daughters and two sisters, the Misses Eveline and Annette Wilbur, of Mt. Vision. Mrs. George Hill and Mrs. W. J. Pindar, both of Middleburgh, are nieces, and Henry E. Wilbur of Sharon Springs, formerly of Oneonta, is a nephew. Mrs. Seymour Teachout and Mrs. F. D. Bennett of this city are cousins.

The funeral services were held from the parsonage at Dallas with District Superintendent C. M. Olmstead in charge. Associates of the deceased who assisted in the service were Revs. J. F. Warner, A. D. Decker, E. Kilpatrick, A. E. Piper, W. H. Lindemann and L. L. Sprague, the last two speaking in praise of the life and service of the deceased. The body was taken to Troy, where services were also held and the body was laid at rest by the side of the son and daughter. He was a devoted husband, father and brother, a sincere minister of the gospel, and all who knew him will long cherish his memory.

DEATHS.

Alfred Bennett.

Franklin, May 1.—(Special).—Alfred Bennett, son of the late Mr. and Mrs. Orrion Bennett, died at the Fox Memorial hospital in Oneonta today, at the age of 49 years. He was removed to the hospital from his home here suffering with hernia about ten days ago and was getting along finely until this morning, when complications arose and he died before his family could reach him.

He is survived by his wife and three children, Norman, Orrion and Floyd, who reside at home; three brothers, Vernon of Oneonta, Eugene of Texas, Rev. Merrick Bennett of Lee, Mass., and one sister, Mrs. Allen Hunt of Franklin.

Mr. Bennett was a member of the Methodist Episcopal church and was one of the stewards. He was also a member of the local grange. He was a man devoted to his family, church and community and was willing to do anything in his power to assist any or all of these.

The body arrived in town tonight, but the funeral arrangements have not yet been completed. They will be announced in these columns later.

Death and Funeral of Mrs. Peck.

The funeral of the late Mrs. Ella Peck, who died on Sunday last of chronic Bright's disease at the Fox Memorial hospital, will be held at the Packer undertaking parlors on Main street at 2 p. m. today. Rev. G. C. Dickinson of St. James' church will officiate and interment will be in the Plains cemetery.

Mrs. Peck was a native of Susquehanna county, Pa., and was 64 years of age. Her home was for many years in Port Jervis, but in February last she came to Oneonta and had since been visiting at the home of relatives, Mr. and Mrs. H. W. O'Dell of 17½ Chestnut street in this city. Though she had been in failing health for some time her critical illness was of but two weeks' duration.

Mrs. Peck is survived by one son, Frank G. Ross of Port Jervis; also by her mother, Mrs. Ruth Welch of Lynn, Pa., and by four brothers, Alonzo of Lynn, Thomas of Towanda, Edward of Geneva this state, and Marco of Lynn, Pa. One uncle, Horace Welch of Montrose, Pa., also survives.

The deceased was a member of the Protestant Episcopal church at Port Jervis for many years, and was a much respected resident of that place. Many friends will regret her death.

Thrift Stamp Surprise.

About twenty neighbors and relatives of Mrs. George Anderson gathered at her home, 248 Chestnut street, last evening to give her a birthday surprise party. The evening was pleasantly passed in games and social intercourse. Later delicious refreshments were served. Before departing each guest presented the hostess with two thrift stamps. A most enjoyable time was had by all.

Dr. Tarbox Honored.

Dr. Oren C. Tarbox, the well-known physician, has received notice that he has been elected a member of Gamma Chapter of Maine, Pi Beta Kapta, of Bates College, Lewiston, Maine. The honor was unexpected and came to Dr. Tarbox as a complete surprise from his alma mater. Dr. Tarbox was graduated from the college in 1880.

THIEF OVERPAYS WATCHMAN

Cost him \$16 to Ransack House When
He Might Have Got Off

for \$1.

Los Angeles, Cal.—Sixteen dollars
is what it cost a burglar to secure \$200
worth of jewelry from the home of
Lewis Meyer, one night recently. If
the burglar had not been so nervous he
could have done it for \$1. Nightwatch-
man Hoscik called at the house to re-
ceive his monthly dollar which he is
paid for guarding the home. A tall
young man met him at the door, hand-
ing him a five spot, which he changed.
Later, Hoscik discovered that it was
really \$20 that had been given him.
When he went back to return the ex-
tra money he discovered the residence
ransacked.

**WOMEN OF PRINCETON
ADOPT ENTIRE VILLAGE**

Princeton, N. J.—The commit-
tee of women in charge of the

Rose Cottage tea house annex,

which provides lodging and

meals at very reasonable rates,
have "adopted" the little village

of St. Paul-aux-Bois in the Alsace

region of France.

In the great drive on Paris in

1914 the Germans swept

through the little village, which

was held in the grasp of the in-
vaders until the retreat after

the battle of the Somme. The

500 inhabitants were left destit-

ute.

Through the operation of the

committee, the committee regularly

realizes a neat sum, which is

being steadily forwarded to the

French villagers.

LIBERTY BON'S PROTECT SAVINGS

Representative Snyder Shows How
Investment Makes Withdrawal
of Funds Unnecessary.

WAR A VAST BUSINESS.

Gives Interesting Figures of Cost
and Tells How Nation Is
Meeting the Financial
Problem.

Congressman Homer P. Snyder of
Little Falls, N. Y., has made the fol-
lowing statement to the Liberty Loan
Committee:

"This war is a vast business, and
we behind the lines must look upon
it from a business as well as a senti-
mental standpoint. It is our business.
It is a business where investment of
capital returns no profit financially,
but it eats up money with Leviathan
appetite. It has cost the Allies, includ-
ing the United States, \$11,600,000,000
from August, 1914, to December 31,
1917. If it continues to December 31,
1918, the total cost to all belligerents
will be \$145,600,000,000—a sum greater
than the wealth of any single nation
with the exception of the United
States.

"We are duplicating the cost of our
Civil War every fifty-five days.

"Perhaps you may more readily real-
ize what these stupendous figures
mean when you extend the computa-
tion and find that this war is now
costing us \$4.11 every second and, if
the United States fights on until June
30, 1919, the cost to her alone will
have been \$36,000,000,000.

"Therefore, the question of finance
is the most serious of all our problems.

As the wealthiest, the most productive
and the greatest nation in the world,
America ought not to be disturbed by
this situation. Money is being raised
by taxation, but there is a limit which
we cannot pass in this direction without
injuring ourselves from a commer-
cial standpoint. We cannot afford to
tax our industries to the death, espe-
cially at this time. We are bound to
protect the sources from which we
draw our supplies and necessities.

They are cheerfully paying their share,
and it reaches into the billions, but it is
not sufficient, as shown in the fig-
ures here given, and they are authori-
tative and brought down almost to
date from the official record. Hence
these bonds must be issued and we
must purchase them.

"They are the best security in which
one can invest. They pay interest.
They are negotiable; they are the
'meal tickets' of our boys who are
doing our fighting on land and sea.

"In 1916 the increase in deposits in
savings banks and savings institutions
in this country amounted to \$5,000,-
000,000. This saving is still going on.
If those savings for 1917 and 1918
were wholly applied to the purchase
of these Liberty Bonds, as they should
be, the strain on the Government to
raise money would be greatly lessened.

"I would not favor withdrawal of
the savings of the people now in the
banks and savings institutions. I
would favor the investment of the sav-
ings from this time out in Govern-
ment bonds. From this day on to the
close of the war, let us pledge our-
selves to invest in nothing other than
the securities which our Government
offers and which it expects you to take
in order that the great engine of war
shall not slow down because of lack
of fuel. I shall be with you to your
future savings so that they will
add to the glory of the country, the
comfort of our fighting men and a per-
manent peace for the world."

These three graves may be said to contain the entire hopes of the human race. . . . Here lies all that was mortal of Corporal Gresham, Private Enright and Private Hay of the Sixteenth Infantry, American Army, who marched in Democracy's Army to give battle to those who would enslave the world. AWFUL SIGHTS DRIVE CANADIANS TO FURY

Withstand Hell of Fire for Five Days in Frenzied Charge on Hun Trenches.

Clumps of crying children, little knots of aged men and women wailing and cursing, a countryside blasted and riven, these so angered a new regiment of Canadians that they charged in frenzy the trenches of the Germans in Flanders for five days and withstood a hell of fire.

Thus was the story told by R. A. Quigley, formerly of Franklin, O., to the staff of the British-Canadian recruiting mission in Chicago. "The faces and the voices of the women and children we passed on the road," said Quigley, "were enough to make a man's blood boil. Our officers could hardly hold us back. We wanted to get at the Hun, these murderers who would not fight like men."

Five miles behind the front line trenches in the Flanders sector shells from German guns fell on the advance.

Sidney Center, May 1.—Sidney Center will "over the top" with flying colors Tuesday evening at the Liberty Loan rally, which was held in the Methodist church. Bonds were taken at that meeting to the amount of \$17,000, which, with the \$2,000 already subscribed, brings the total to \$19,000. The speakers on Tuesday evening were James L. Clark, Rev. A. D. Finch and E. E. Peasey of Sidney and Hon. C. C. Pfeifer of Unionville.

Muse for the occasion was furnished by a quartet composed of Mrs. Earl Case, Mr. and Mrs. James Hare, and Mr. Landers of Sidney and added much to the pleasure of the occasion. A solo by Mrs. Case and a duet by Mrs. Case and Mrs. Hare were also enjoyed.
